

October 22, 2020

Dear Mrs. Morrison,

As you know, November 3rd is a very important presidential election. People who can vote today can also change tomorrow. According to the election rules, children under the age of eighteen-years-old do not have the right to vote. Therefore, instead of voting, we are encouraging others to vote in order to make a positive difference in the world that we live in.

This year, due to the pandemic, it's not always safe to go and vote in-person (though you can, if you wish). This year, for additional safety, you can vote by mail. Ballots must be mailed or submitted by November 3rd at 8:00 p.m.

We would like to encourage all Princeton Montessori faculty and staff to take action. Don't wish for it, just vote for it! Election day is a day to vote for what you believe in. It is also a way to contribute to the improvement of the world. A very important thing to remember is: Your vote is your voice, and Election Day is the time to share it. To have a greater chance at a kinder and healthier world, please don't neglect to vote. If you vote, you will be influencing what you think is right, and helping to improve thousands of lives.

Vote for the future, vote for yourself, and vote for what you believe in! Vote for us and all the other kids who depend on you to make the world a better place.

Thank you on behalf of:

The Fifth Grade Students of Upper Elementary

Princeton Montessori School
